

I want to keep the "Do Not Call List" as it stands in New Jersey. I hope every state will have as good a law as NJ. The quality of life in the privacy of our home has improved dramatically. We have signed up for the "Do Not Call List" and it is wonderful. We have peaceful dinners and evenings. In addition, please think of our seniors. Frequent phone calls can be distressing, confusing, and mislead them into making inappropriate decisions. As far as I am concerned, if someone wants to sell me something, they can use the mail. New Jersey should be the role model for any federal legislation with regard to the "Do Not Call List". Thank you.
